Our trained staff will gladly process your PRIMARY dental insurance. We will need to make a copy of your insurance card and appreciate your keeping us up to date on any carrier changes.

You will be responsible for paying any remaining balance and filing with your secondary insurance company, if you have such.

We will provide you with a treatment plan for any treatment needed. A pre-estimate may also be filed with your insurance company so that you know in advance what out of pocket fees to anticipate.

It is your responsibility to see that your insurance carrier provides proper payment within 60 days. If there is a delay in coverage by your insurance company you will be billed for the remaining balance. We will assist you in every way to get the maximum benefits from your insurance company.

All account balances which are not paid in full within thirty (30) days shall be subject to a 1.5% per month finance charge.

A **Cash Discount** is available to all patients who pay their account in full at the time of services by check or cash only (not credit cards).
